

## **AC adviseurs from Eindhoven wins the Independer Mortgage Audience Award for the 3rd time in Southeast Brabant**

AC adviseurs, based in Eindhoven, has won the Independer Mortgage Audience Award for the third time and has once again been named the winner in the Southeast Brabant region. Every year, Independer announces the 25 regional winners, selected as the "Best Mortgage Office" in their region. In the Southeast Brabant region, AC adviseurs once again achieved the highest score for the best price-quality ratio in the field of mortgage advice.

### **What is the Independer Mortgage Audience Award?**

The Independer Mortgage Audience Award is awarded annually to the mortgage advisors who are rated most highly by their customers. The reviews are collected via Independer, where consumers share their experiences. To be eligible for this prestigious award, advisors must have received at least eight customer reviews. In addition, at least five customers must have completed a Quality Check, based on a questionnaire from the Netherlands Authority for the Financial Markets (AFM). This Quality Check allows consumers to verify whether their mortgage advisor has discussed all important topics. The Quality Check is an essential component of the Independer Mortgage Audience Award.

This tool provides greater transparency in the mortgage industry by helping consumers choose the right advisory firm.

According to Ruud Martens, Managing Director of Independer: "The Quality Check is designed to provide consumers with clear insights into the quality of mortgage advisor services. The results of the

Quality Check offer consumers valuable information about the expertise and customer satisfaction of mortgage advisors, helping them make the best choice."

### **Highly Visited Mortgage Module on Independer.**

Independer's mortgage module is one of the most visited online platforms for mortgage advice.

With 880,000 visitors annually. This year, more than 15,000 consumers submitted their reviews, bringing the total number of reviews to almost 95,000.
